TEST PERFORMED

Canada Toys Regulations (SOR/2011-17), paragraph 23 (b) : Leachable Arsenic - Selenium - Cadmium - Antimony - Barium	Complies
--	----------

Note: it is prohibited the partial reproduction, any changes or modifications of this test report. Sampling performed by the customer.
Data related to the sample have been provided by the customer. The results are exclusively referred to the samples tested.
Conclusions/judgments are expressed with exclusive reference to parts detailed in the following pages and based on limits there specified.
This report has the scope to resume results of tests required and performed and it is not a statement of the compliance of the product to all applicable legislations nor the result of an EC type examination. CE marking shall be applied on the product only when all requirements of Directive 2009/48/EC and of all other applicable Directives that require the EC marking are fulfilled. The product shall be marketed only in compliance with all applicable legislations.
